DETAILED ACTION

Allowable Subject Matter

1. Claims 9-11, 17-19, 33-35, 59-61 and 64-78 are allowed over prior art of record.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

After further search and consideration of the amendment filed on November 3, 2005, it is determined that the prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach "wherein the first reverse bias voltage and the second reverse bias voltage are selected between zero volt and an avalanche voltage, and wherein magnitude of the second reverse bias voltage is higher lower than magnitude of the first reverse bias voltage," as recited in claims 9, 17, 33, 64, 68, 72 respectively, and "wherein the first reverse bias voltage and the second reverse bias voltage are lower than zero volt, and wherein magnitude of the second reverse bias voltage is lower than magnitude of the first reverse bias voltage," as recited in claim 76.

Claims 10, 11, 18, 19, 34, 35, 59 - 61, 65 - 67, 69 - 71, 73 - 75, 77 and 78 are also allowed as being dependent of the allowed base claim.

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
